## 4-H Project & Activity Record

Name: \_\_\_\_\_

Name of Club: \_\_\_\_\_

Year: Oct. 1, \_\_\_\_\_ - Sept. 30, \_\_\_\_\_

## Examples of how to fill out project forms

Name of Project: Clothing and Textiles—Adventures in Clothing

In this space write about the project **highlighting the skills you learned**, items you made, exhibits, and other important information.

Example: I completed my first sewing project this year. It was fun and frustrating but I learned so much. First I learned about sewing equipment and how to use a sewing machine. It was fun to sew on paper to learn how to use the machine. Then I made a barbeque apron. I had to rip out stitches where I sewed it crooked. I also made a pillow for my bed which matches my comforter. I got a blue at the county fair for both items.

Name of Project: Natural Resources—Insects all Around Us

In this space write about the project **highlighting the skills you learned**, items you made, exhibits, and other important information.

Example: I caught a lot of bugs, identified parts of the bugs, learned where they live and how to mount them for a collection. I found out that there are good and bad bugs. At one of our club meetings we created bugs of our own. Mine was made of an egg carton, pipe cleaners and cotton balls. I did a public presentation on bug collecting and got a red ribbon. I exhibited 3 items at the fair from this project and got 1 blue and 2 reds.

### **Care of animals:**

Describe your responsibility in caring for the animals—feeding, cleanliness, where they are housed, showing, training, management, health, etc.

Example: I am responsible for the daily care and feeding of my (horse, calf, sheep, etc.) including feeding, cleaning stalls and equipment, and keeping it healthy. I also work at training my animal for showing. I call the veterinarian if my animal needs medical care. I have worked this year on a better way to store feed to keep out rats and mice....etc..
