Election Night Opportunities High School Students

Schoharie County, October 2011:

The Schoharie County 4-H program is recruiting high school juniors and seniors to assist with collection of election night results from Schoharie County polling places. Working with the 4-H Educators, students will be asked to visit one polling place after 9 p.m. on November 8 to collect the unofficial election results, and report the results to Capital District Election Services. This is a great opportunity for students to participate directly in government and learn about the election process. Anyone interested should contact the 4-H Office at (518) 234-4303 or 296-8310 by Tuesday, November 1.

4-H is the youth development program offered through Cornell Cooperative Extension. For over 100 years 4-H has been helping youth grow into confident, caring and skilled adults. Cornell Cooperative Extension is an equal opportunity program provider. All youth between the ages of 5 and 19 are welcome to join 4-H regardless of race, color, religion, political beliefs, national or ethnic origin, gender, sexual orientation, age, marital or family status, veteran status, or disability. Cornell Cooperative Extension provides equal program and employment opportunities.
